RESIDENCES

Shahdag Mountain needs no introduction.
It is the soul of the resort, the reason people come,
and the reason they return.

Shahdag Residences are the best located private homes at the heart of the resort -
on the slopes, at the centre, with nothing between you and the mountain. Featuring a mix
of apartments and chalets, with 1, 2, 3 & 4 bed apartments and penthouse duplexes available.
This isn't just an address. It's the only location that matters.

Where location is everything

Shahdag Residences sit at the mountain's heart-where pistes, trails, and resort life begin.

No shuttles, no drives. Just steps from your door: skiing in winter, hiking in summer, and everything else-dining, shopping, rentals-right there. This is the only address with direct access. No other can match it.

At Shahdag Residences, world-class convenience meets alpine charm. Step outside your door and into a seamless experience designed for comfort, adventure, and connection.

Where

luxury is shaped by craft

The Residences are a collection of over 500 thoughtfully crafted apartments, designed to match the mountain's grandeur - neither lost within it nor overpowering it.

Where

winter trails meet summer hikes

Shahdag doesn't just shift with seasons—it grows. Winter delivers 37 pistes, ski-in access, and alpine luxury. Summer transforms it: heated lake swims, wild trails, and paragliding from endless ridges.
